

# Fantastic Flora and Fauna Part 1

31 May 2019

## INTRO

### HAGRID

Hello there! I know yeh've got yer hands full w' Confoundables everywhere and such, but I could use yer help w' somethin' in particular, if yer willing.

Yeh see, somethin's not right 'bout the Forbidden Forest. Ever since the Calamity started disappearin' creatures, the forest's been thrown outta sorts.

If you come across any Foundables from the Forbidden Forest, let me know, would yeh?

## BRILLIANT UNICORN

### HAGRID

Not many can say they've gotten so close to a Unicorn. Shy, they are. Yeh've done a good thing, sendin' her home to the forest.

## BRILLIANT BUCKBEAK

### HAGRID

Beaky! It's good to have him back where he belongs.

## BRILLIANT YOUNG ACROMANTULA

### HAGRID

Ah, an Acromantula! Magnificent creatures, aren't they? He'll be much happier with his kind in the forest.

## BRILLIANT SNARGALUFF

### HAGRID

Ah, you've got yerself a Snargaluff! Sprout would be chuffed. That's one more livin' thing returned to the forest - only a few 'undred more to go!

## BRILLIANT SCORCHED TREE STUMP

### HAGRID

Well, that tree stump definitely came from the forest. I think it was even home to a creature at some point! Maybe see if yeh can find somethin' more... livin' next time, eh?

## BRILLIANT SALAMANDER

### HAGRID

Well now, that's more like it! Salamanders are proper magical beasts. Returning this little fella will bring some harmony back to the forest.

## END

### HAGRID

The Forbidden Forest's more like its old self now it's regained some o' its missin' creatures. Thanks for all yer help - couldn't've done it without yeh!
