

Potter's Calamity Part 1

16 July 2019

INTRO

HARRY

Hermione... I've been deluged with owls from friends saying they've been returning lots of Foundables related to me -- everything from old socks to a young me being kissed by a Dementor!

Perhaps by being in the public eye, I'm more subject to the whims of the Calamity...

HERMIONE

Well, there was that Daily Prophet feature about your work with the Statute of Secrecy Task Force. Perhaps that's drawn the attention of the Calamity somehow?

That may confirm a theory I've had, that if enough people focus on something, it could affect how the Calamity behaves.

BRILLIANT HEDWIG

HARRY

Hagrid gave me Hedwig just before my first term. She kept me connected to the magical world whenever I was away from Hogwarts.

BRILLIANT QUIDDITCH CAPTAIN HARRY

HARRY

Have I mentioned how terribly strange it is, seeing your younger self materialise out of nowhere? It's as unnerving as using a Time-Turner.

HARRY's WEASLEY JUMPER

HARRY

My first Weasley jumper! Ron always used to complain that his was maroon, but I was happy just to have a Christmas gift.

HARRY's SCHOOL TRUNK

HARRY

You didn't open that trunk, did you? There's no telling what's in there. Loads of old dungbombs, I expect.

MISMATCHED SOCKS

HARRY

I cannot believe that a worldwide Calamity has taken the time to steal my mismatched socks... the whole thing is mad.

HARRY's TRIWIZARD CUP UNIFORM

HARRY

I never thought I'd see that uniform again. I was wearing it the night Cedric Diggory was killed...

END

HARRY

I find it very strange to have pieces of my life appearing in public for everyone to see.

I guess if I look on the bright side, perhaps we can try and use this quirk in the Calamity to our advantage.
